The new Polo for Ireland

**From every perspective,
the new Polo offers more.**

As soon as you see the exterior of the new Polo, you'll notice a difference. Stylish, compact and sporty, the new design commands attention. Refined details, such as the contoured clear cover of the headlights and indicators, accentuate the dynamic flowing lines, giving a distinctive new look. Offering all the benefits of economy, practicality and manoeuvrability, without compromising on quality, comfort or specification, the new Polo is surprisingly adaptable – not simply a car for nipping around town. From every perspective it offers more, whatever your lifestyle.

Quality you can see and feel.

With its high specification and wide range of features, the new Polo excels, offering an abundance of large car benefits in one exciting package. Inside and out, the precision build, quality materials and leading edge technology will only impress. And the greatest plus of all – with three different trim levels to choose from, the Entry level new Polo, the Comfortline and the Sportline, you can tailor the new Polo to suit your individual needs. Tailor-made specification – what more could you ask for?

You couldn't ask for greater comfort.

- 01** The controls for the electric front windows are conveniently located in the driver's door.
- 02** The optional 'Climatronic' electronic climate control has the benefit of precise temperature control.
- 03** Handy storage compartments beneath the driver's and front passenger's seats, help keep the interior tidy.
- 04** Front sports seats, a leather rimmed three-spoke steering wheel, gear knob and handbrake grip are standard on Sportline models.
- 05** Blue instrument lighting with red needles add a touch of style and are standard on all models, the multifunction computer is optional on all models.
- 06** The optional electric glass slide and tilt sunroof provides fresh air and sunshine at the touch of a button.

The new Polo is a car full of surprises. Not least when you step inside. Ergonomic design and attention to detail have created a stylish interior that is both practical and relaxing. Speed-sensitive power-assisted steering and a height and reach adjustable steering column are both fitted as standard, as is central locking, electric front windows, electrically heated and adjustable door mirrors, vanity mirrors on both sun visors and a 'RCD 200' radio/CD player with four front speakers, ensuring total comfort and convenience. From a safety aspect the new Polo is equally well equipped. All new Polos are fitted with ABS (Anti-lock Braking System) as standard and there are driver's and front passenger's airbags with passenger's airbag deactivation, as well as front seat side impact airbags and three-point seat belts for all seats.

With a host of extras available, depending on the trim level you choose, you couldn't ask for a more luxurious interior. In terms of individuality, you can draw on an abundant array of resources in terms of the various equipment lines; the Entry level new Polo, Comfortline and Sportline – plus a host of optional equipment. It should be very easy to make yourself feel comfortable.

Good looks built to last.

Naturally, you want a car that keeps its good looks for years to come, and that's where Volkswagen's legendary build quality comes in. A galvanised body, covered by a 12-year warranty against corrosion, gives you some idea of the new Polo's longevity. And the story is only enhanced by Volkswagen's precision workmanship. A rigid bodyshell, crafted by state of the art laser welding techniques, not only creates additional strength – offering greater protection and better roadholding – but also ensures narrow, uniform gaps between the body panels, dramatically reducing wind noise. The result is a quietness of drive and levels of comfort generally achieved by a much larger class of vehicle. Built to satisfy the toughest demands, the new Polo guarantees you long-term driving pleasure.

Designed to be noticed.

01

It's the individual design touches that give the new Polo its distinctive look. Such as the body-coloured bumpers and bumper strips, side bump strips, door mirrors and door handles, standard on Comfortline and Sportline, that give a more streamlined appearance. The chrome trimmed radiator grille adds a touch of style to Sportline models, while the front fog lights, which are neatly integrated into the front bumper, give a dynamic sporty look. Whichever model you choose, each is designed to turn heads and make an impression – wherever you go.

- 01** The contoured twin headlights and indicators create a distinctive look on the new Polo.
- 02** The door mirrors, door handles, bumpers, bumper strips and side bump strips are body-coloured to complement your chosen colour on Comfortline and Sportline models.
- 03** New design rear light clusters provide greater illumination and help give the new Polo a unique look.
- 04** The chrome trimmed radiator grille gives a dynamic look to Sportline models.

02

03

04

Those who want fun need safety too.

As with any Volkswagen, safety is fundamental to vehicle design. So, not surprisingly, the new Polo is equipped with a number of important safety features. Front airbags for the driver and front passenger are fitted as standard, as are head restraints and three-point seat belts for all seats. A high level third brake light, enables other road users to see you more easily and optional parking sensors help you park in small places. An Anti-lock Braking System (ABS) prevents the wheels from locking even under severe braking, and the optional Electronic Stabilisation Programme (ESP) reacts to critical situations within milliseconds by adjusting the engine's output and redistributing the braking effort to bring the car back under control.

For the protection of smaller passengers, the new Polo features Isofix child seat fixing points, an innovative concept providing the highest levels of safety and protection. Two child seats can be easily installed in the outer positions of the rear seat, and if you wish to fit a rear-facing child seat in the front passenger seat, the optional passenger's airbag deactivation will allow this quickly and easily. Whatever the situation, you know you can rely on the new Polo to deliver optimum safety.

- 01** The optional parking sensors enable you to park more easily by emitting an audible warning that becomes more frequent as obstacles become closer.
- 02** The optional sensor-controlled Electronic Stabilisation Programme recognises critical driving situations and reacts in milliseconds by controlling the speed of individual wheels.

- 03** Optional on Entry level new Polo and standard on Comfortline and Sportline models, front fog lights, integrated into the front bumper, provide improved vision in bad weather.
- 04** Optional head airbags provide increased protection against side impact at head level for front and rear passengers.
- 05** A high level third brake light is more visible to other road users.

Paint.

* Sunflower (T1), Metallic and Pearl Effect paints are optional at extra cost.
1) Sunflower (T1) is not available with 1.9 litre TDI 130 bhp models.

Please note: The print process does not allow for exact reproduction of the paint colours. For further details, please contact your Volkswagen dealer.

Upholstery.

**Entry level
'Select' cloth**

**Comfortline
'Maxima' cloth**

**Sportline
'Limit' cloth**

**Comfortline, Sportline
'Vienna' leather* 1)**

* Leather upholstery is optional at extra cost.

1) Generally all parts of leather upholstery in direct contact with the driver or passengers are leather, all other areas may contain leatherette.

Please note: The print process does not allow for exact reproduction of the upholstery colours. For further details, please contact your Volkswagen dealer.

Standard equipment.

Standard items of equipment Entry level

Volkswagen service

- 2-year/unlimited mileage warranty
- 3-year paintwork warranty
- 12-year body protection warranty
- LongLife Servicing
- Volkswagen Assistance

Please see pages 30 and 31 for more details

Exterior

- Body-coloured bumpers with black bump strips
- Door handles, black
- Full size wheel trims
- Galvanised body
- Halogen clear headlights, range adjustable
- Lockable fuel filler flap
- Side bump strips, black
- Tinted glass
- 5J x 14 steel wheels with 165/70 R14 tyres

Interior

- Upholstery – ‘Select’ cloth

Safety

- ABS (Anti-lock Braking System)
- Door side impact protection
- Driver’s and front passenger’s airbags with passenger’s airbag deactivation switch
- Front head restraints, height-adjustable
- Height-adjustable front three-point seat belts with tensioners
- High level 3rd brake light
- Isofix preparation (for 2 rear child seats)
- Rear head restraints x 3
- Rear three-point seat belts x 3
- Reflectors in front doors
- Rigid safety cell with front and rear crumple zones

Function

- Anti-hijack internal central locking button
- Blue instrument lighting
- Central locking
- Cup holder, front
- Driver’s and front passenger’s seat height adjustment
- Driver’s and front passenger’s sun visors
- Driver’s and front passenger’s under seat drawer
- Driver’s and front passenger’s vanity mirrors with cover
- Dust and pollen filter
- Electric windows, front
- Electrically heated and adjustable door mirrors
- Electronic engine immobiliser
- Four-spoke steering wheel
- Front door side pockets
- Front wash/wipe with 4 speeds and interval delay
- Full size steel spare wheel
- Glovebox
- Heated rear window
- Heating and ventilation with 4 speed fan and air recirculation
- Height and reach adjustable steering wheel
- Interior lighting with delay
- Load lip protective shield
- Luggage compartment load lashing points x 4
- Luggage cover, removable
- Power-assisted steering, speed-sensitive
- ‘RCD 200’ radio/CD player with RDS, 4 front speakers and roof aerial
- Rear wash/wipe with interval delay
- Rev counter
- Split folding rear seat
- Storage shelf on dashboard
- Warning ‘lights on’ buzzer

Additional items of equipment Comfortline (over Entry level)

Exterior

- Body-coloured bumpers, bumper strips and side bump strips
- Body-coloured door mirrors and door handles

Interior

- Upholstery – ‘Maxima’ cloth

Additional items of equipment Sportline (over Entry level)

Exterior

- Alloy wheels, four 6J x 14 ‘Misano’ with 185/60 R14 tyres and anti-theft wheel bolts
- Body-coloured bumpers, bumper strips and side bump strips
- Body-coloured door mirrors and door handles
- Chrome trimmed radiator grille

Interior

- Chrome-plated instrument surrounds
- Front sports seats
- Leather rimmed three-spoke steering wheel, gear knob and handbrake grip
- Upholstery – ‘Limit’ cloth

Function

- Easy entry sliding seats (for access to rear seats, 3 door)
- Front comfort seats
- Front fog lights
- Front seat back storage pockets
- Glovebox, lockable
- Illuminated vanity mirrors
- Luggage compartment light
- Reading lights, independent front and rear
- Remote central locking
- Split folding rear seat with centre armrest
- Two-tone horn
- 12V socket in luggage compartment

Function

- Front fog lights
- Remote central locking
- Sports suspension
- Split folding rear seat with centre armrest

Performance and economy – a powerful combination.

01 Direct injection 'Pumpe Düse' technology enables diesel engines to respond powerfully with economical fuel consumption.

Drive the new Polo and choose from a whole range of petrol and diesel engines, all designed to deliver dynamic performance, impressive fuel economy and low emissions.

If it's a petrol engine you choose to power your new Polo, there are no fewer than four to choose from. The range starts with two 1.2 litre units which develop 55 bhp and 64 bhp. These three cylinder engines are available with a five speed manual gearbox and are capable of achieving 47.1 mpg over the Combined* cycle. A 1.4 litre 16 valve 75 bhp engine is next in the range, an engine capable of 104 mph, where the law permits, with the option of either a four speed automatic or five speed manual gearbox. A second 1.4 litre 16 valve engine, this time generating 100 bhp, will provide performance and can achieve 42.2 mpg over the Combined* cycle.

Two diesel engines are also available starting with a three cylinder 1.4 litre unit developing 80 bhp. This engine is available with a five speed manual gearbox. If it's performance you're seeking, the top of the range diesel is sure to impress. With a six speed manual gearbox and 310 Nm of torque, the new Polo 1.9 litre TDI 130 bhp proves that there's no need to compromise if you want both high performance and exceptional fuel economy.

* Please see pages 24-27 for fuel consumption and CO₂ emissions figures.

Specifications subject to change without notice. Information correct as at 1 May 2005. Please note: All data subject to manufacturer's tolerances.

Technical specification notes.

- 01) Figures are calculated in accordance with manufacturer's criteria. Vehicle unladen weight ranges with 90% tank capacity without driver (75 kg). The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly.
- 02) With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 03) Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of Super plus unleaded. In order to achieve maximum fuel consumption benefits on the FSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.
- 04) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 05) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. The CO₂ figure quoted for each vehicle is the maximum possible. The unladen weight of the vehicle is calculated by range at the time of manufacture and the maximum possible CO₂ emission for that weight range is applied according to the Council Directive 80/1268EEC as amended by Commission Directive 1999/100/EC on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.
- 06) VDA measuring method using 200 x 100 x 50 mm blocks.
- 07) The use of bio diesel according to DIN 51606 is possible to about -10°C.

Dimensions.

The technology.

Engines

- Front transversely-mounted engine.
- 1.2 litre/55 bhp (40 kW) petrol engine.
Three cylinder in-line engine, cast iron cylinder block, alloy cylinder head with single overhead camshaft, two valves per cylinder.
- 1.2 litre/64 bhp (47 kW) petrol engine.
Three cylinder in-line engine, cast iron cylinder block, alloy cylinder head with double overhead camshaft, four valves per cylinder.
- 1.4 litre/75 bhp (55 kW) petrol engine.
Four cylinder in-line engine, cast iron cylinder block, alloy cylinder head with double overhead camshaft, four valves per cylinder.
- 1.4 litre/100 bhp (74 kW) petrol engine.
Four cylinder in-line engine, cast iron cylinder block, alloy cylinder head with double overhead camshaft, four valves per cylinder.
- 1.4 litre/80 bhp (59 kW) diesel engine.
Three cylinder in-line engine, cast iron cylinder block, alloy cylinder head with single overhead camshaft, two valves per cylinder.
- 1.9 litre/130 bhp (96 kW) diesel engine.
Four cylinder in-line engine, cast iron cylinder block, alloy cylinder head with single overhead camshaft, two valves per cylinder.

Transmission

- Front-wheel drive
- Five speed manual gearbox: All models (except 1.9 litre TDI 130 bhp)
- Six speed manual gearbox: 1.9 litre TDI 130 bhp
- Four speed automatic gearbox: 1.4 litre 75 bhp

Running gear

- Front axle: Independent with McPherson struts and coil springs
- Rear axle: Torsion beam with trailing arms
- Turning circle: 34.7 feet/10.6 metres

Steering

- Power-assisted rack and pinion

Brake system

- 1.2 litre 55 bhp petrol engine
- 1.2 litre 64 bhp petrol engine
- 1.4 litre 75 bhp petrol engine
- 1.4 litre 80 bhp diesel engine
Servo assisted, diagonally split circuit with ABS
Front: Ventilated discs
Rear: Self-adjusting drums
- 1.4 litre 100 bhp petrol engine
- 1.9 litre 130 bhp diesel engine
Servo assisted, diagonally split circuit with ABS
Front: Ventilated discs
Rear: Discs

Volkswagen service for your peace of mind.

The Volkswagen Warranty.

Two-year Warranty.

All Volkswagen new Polos now come with a two-year unlimited mileage warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects.

This warranty cover is subject to the car being serviced and maintained at an authorised Volkswagen dealer according to the manufacturer's recommendations. Failure to do so will invalidate this warranty.

Three-year Paint Warranty.

The paintwork of the new Polo is covered against manufacturing defects for a period of three years. Naturally, the new Polo must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen dealer for full warranty details.

12-year Body Protection Warranty.

The internal body sections and panels of the new Polo are covered against rusting through from the inside for a period of 12 years. Naturally, the new Polo must be cared for in compliance with the operating instructions. Please consult your Volkswagen dealer for full warranty details.

Service Intervals for Petrol and Diesel Engines.

Full details of what checks and work are recommended at each service are contained in the Service Book and your dealer will be able to advise you of any particular requirements.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

Volkswagen Finance.

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen dealer for details.

Volkswagen Assistance.

Every new car is registered for Volkswagen Assistance for 2 years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

Volkswagen Rental.

For details, please contact your dealer.

CO₂ Emission.

The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

The CO₂ figure quoted for each vehicle is the maximum possible. The unladen weight of the vehicle is calculated by range at the time of manufacture and the maximum possible CO₂ emission for that weight range is applied according to the Council Directive 80/1268EEC as amended by Commission Directive 1999/100/EC on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Certain models and items of equipment shown in this publication are not available in Ireland.

Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland.

The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen dealer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen dealer prior to ordering.
