The Touran for Ireland

A new way of looking at life.

It's always good to take a different look at life. And that's just what the Touran allows you to do. A dynamic new design, distinctive radiator grille and striking headlights ensure Volkswagen's compact MPV has never looked better. While an adaptable interior and host of refinements gives you a whole new outlook on life. Going on holiday, ferrying the kids, doing the shopping, transporting the sports team, the Touran takes them all in its stride, offering a wealth of practical solutions. Discover what the Touran has to offer and open up a whole new approach to life.

Wherever you are driving – in the countryside, by the sea or on your way to work – the Touran offers you a better view all round, thanks to the elevated seating and large windows. While the interior is exceptionally roomy and spacious, the exterior design is surprisingly compact, providing easy manoeuvrability and parking. Take a look at the build quality and you'll notice consistently narrow gaps between panels, ensuring not only greater rigidity and roadholding, but less wind noise and greater aerodynamics. And if you want to improve the specification, a host of optional equipment includes sumptuous leather upholstery and an electric glass sunroof.

Model shown is Trendline with optional metallic paint.

- 01** The Touran's standard seven seat layout includes two single seats in the third row, which can be folded flush into the floor of the luggage compartment. The seat in the centre of the second row easily folds down to provide a convenient table for rear seat passengers. Interior shown is Highline.
- 02** The single seats of the second row are fully adjustable, enabling you to adapt the space to your exact requirements. Interior shown is Highline.

So many variations, the only limit is your imagination.

Fancy a cosy in-car picnic or dropping into the supermarket for a major spend? With its amazingly adaptable interior, it's no problem for the Touran, whatever your plans. The innovative single seat system enables you to fold the two seats in the third row flush into the floor of the luggage compartment, while the three seats in the second row allow you to adjust, fold down, move, slide, tip over or completely remove all

or individual seats – enabling you to adapt the standard seven seater into a five or two seater with the greatest of ease, should you need the extra loading space. It means your Touran can offer up to 1,989 litres of luggage space, plus the versatility of arranging the seating to accommodate long or bulky items. In fact, with more than 500 seat variations, the only limit to what you can achieve is your imagination!

01 The front passenger backrest is fully folding and can be converted into an extra table or to provide more load-through space for long objects. Standard on the Touran Trendline and Highline. Interior shown is Highline.

An answer for everything.

You can always rely on Volkswagen to deliver superior ergonomics, and the Touran proves the point. The spacious interior, with its innovative single seat system, raised seating and ample headroom, is well laid out with everything to hand. Controls and dials are optimally located, while comfort and usability is maximised by standard features such as front electric windows, cruise control and remote central locking.

Driving enjoyment is greatly enhanced by the very latest 'RCD 300' radio/MP3 compatible CD player and a choice of three new upholsteries with decorative trims. And to show Volkswagen really have thought of everything, no less than 39 storage compartments and cubby holes provide all the storage you could ask for. Coins, drinks, maps, sunglasses, sweets – you can keep them all neatly tucked away. As you can see, the Touran really does have an answer for everything.

Please note that the speedometer dial should indicate km/h and not mph as shown.

Expand your horizons in total safety.

The Touran is a car designed to expand your horizons. But in order to give free rein to your ideas, first you need to feel safe. This is why you'll find such an extensive range of safety features to give you peace of mind. For a start, the front and second row of seats are equipped with no less than six airbags. These include driver's and front passenger's airbags, front seat side impact airbags and a head airbag system for front and second row occupants. In addition, all seven seats have three-point seat belts, and Volkswagen's innovative Isofix child seat mounting system is fitted on the outer seats of the second row which allows children's seats fitted with the Isofix system to be securely fitted to the vehicle's body, providing maximum protection for children.

Then there are the active safety features, which constantly monitor driving conditions to help you avoid hazardous situations in the first place. They include an Anti-lock Braking System (ABS) with Hydraulic Brake Assist (HBA) to prevent wheels from locking, and an Electronic Stabilisation Programme (ESP), capable of reacting to situations within milliseconds to help restore the stability of the vehicle. What's more, the newly designed front headlights and rear light clusters are fitted with integrated indicators that activate automatically as hazard warning lights in an emergency braking situation.

Model shown is Highline with optional metallic paint.

Powerful performance that doesn't cost the earth.

Your instinct is for power, but your head tells you economy. And your conscience says environment. So how do you achieve all three? Simple. Thanks to Volkswagen's leading-edge engine technology, the Touran delivers exceptional performance alongside impressively low fuel consumption and improved cleanliness.

TSI technology

New TSI technology provides an exciting addition to the range – a new engine design unique to Volkswagen that combines power and economy. This 'Twincharger' engine features a mechanically-driven supercharger and an exhaust-driven turbocharger, which in tandem effectively eliminate turbo lag. The belt-driven supercharger operates at low speeds, while the turbocharger activates as the engine speed increases. This results in excellent driveability and performance throughout the range with no turbo lag, continuous power and high maximum torque. Incorporated into the TSI engine is FSI technology, whereby fuel is injected directly into the combustion chamber under high pressure. The benefit of this method is that it only burns the exact amount of fuel required helping to reduce fuel consumption. The 1.4 litre TSI engine that powers the Touran produces 140 bhp at 5,600 rpm, offering impressive performance and dynamic power whilst still returning an economical 38.2 mpg on the Combined cycle* and a CO₂ emission of just 176 g/km.

TDI power

The Touran is available with a choice of three TDI engines, each utilising high pressure, direct diesel injection to achieve excellent torque while minimising fuel consumption and emission levels. The 1.9 litre TDI unit, produces an impressive 105 bhp, whilst the 2.0 litre TDI produces a powerful 140 bhp. The range-topping 2.0 litre TDI DPF 170 bhp, which delivers phenomenal performance, comes complete with DPF and the Winter Driving Programme – especially beneficial as it prevents wheel skid on slippery surfaces through controlled acceleration and power transfer.

Depending which engine you choose, you can select either a five or six speed manual gearbox, or the highly innovative DSG Direct Shift Gearbox. (Winter Driving Programme is fitted as standard with DSG gearboxes.)

* Please see pages 30-31 for CO₂ emissions and fuel consumption figures.

02

01 TSI technology – combined supercharger and turbocharger in one unit.

02 The TDI delivers excellent all-round performance.

Ready for action.

With up to 1,989 litres of luggage space, the Touran is ready for action at a moment's notice. The rear of the Touran has been newly designed incorporating attractive new rear light clusters and tailgate that not only offer aesthetic appeal, but are ergonomically designed for ease of use. It takes no time at all to adapt the Touran for whatever you have in mind – enabling you to meet the demands of every day life without thinking twice. And speaking of aesthetics, take for example, on Highline models, the 17 inch 'Nardo' alloy wheels with 225/45 R17 tyres ensure great roadholding, while body-coloured front bumper strips and side bump strips with chrome inserts, chrome-plated radiator grille surround and louvres, front fog lights and tinted glass 35% from B pillar back give a sporty new look. All adding to the excitement of driving the Touran.

Model shown is Highline with optional metallic paint.

- 01** New, high quality 'Media' upholstery with 'Microtec' decorative inserts and an ergonomically designed three-spoke steering wheel ensures an exceptional level of interior comfort.
- 02** Cruise control, fitted as standard on all Tourans, enables you to maintain your selected speed at the touch of a button, from 30 km/h upwards.

The Touran Conceptline.

Stylish, practical and versatile – that's the Touran Conceptline, packed with a whole range of features all fitted as standard. Take the exterior, for example. The new chrome-plated radiator grille surround, black roof rails and 16 inch 'Atlanta' alloy wheels with 205/55 R16 tyres create an eye-catching look designed to turn heads.

Inside the story continues, with new 'Media' upholstery, 'Microtec' decorative trim and a wealth of equipment, including electric front windows, a three-spoke steering wheel and speed sensitive power-assisted steering. A multifunction computer provides important information about your journey, while cruise control, semi-automatic air conditioning and the 'RCD 300' radio/MP3 compatible CD player all ensure your total driving comfort. With ABS, ESP, three-point seat belts on all seats and no less than six airbags offering maximum protection, you really couldn't ask for greater attention to detail. Or a higher level of standard specification.

Please note that the speedometer dial should indicate km/h and not mph as shown.

The Touran Trendline.

Those with an eye for the finer things in life cannot fail to be impressed by the Touran Trendline. Body-coloured door mirrors, door handles and front and side bump strips create a sleek and streamlined body design, complemented perfectly by the black roof rails and 16 inch 'Atlanta' alloy wheels with 205/55 R16 tyres.

The interior aesthetics co-ordinate beautifully, with 'Energy' upholstery and 'Steel finish' decorative inserts creating a feel of luxury and comfort. In addition to the exceptional specification offered by the entry level model, the Touran Trendline offers front comfort seats with height and lumbar adjustment including under seat drawer, front and rear electric windows, a front centre armrest with storage compartment and the 'RCD 500' radio system including a dash-mounted six CD autochanger and eight speakers. Everywhere, the theme is one of quality, serenity and relaxation, creating an ambience and calm conducive to stress-free driving. With such practical considerations as a covered storage compartment within the central instrument panel, the Touran Trendline offers everything you could need for total driving enjoyment.

- 01** The Touran Trendline, with 'Energy' cloth, 'Steel finish' decorative inserts and height-adjustable front comfort seats with lumbar adjustment.
- 02** Practical drawers beneath the front seats offer useful extra storage space. Interior shown has optional leather* upholstery.

*Some parts of leather interior will contain artificial leather.

Please note that the speedometer dial should indicate km/h and not mph as shown.

01

The Touran Highline.

Designed to meet the most exacting standards, the Touran Highline features highly distinctive chrome-plated radiator grille surround and louvres, body-coloured front bumper strips and side bump strips with chrome inserts and dynamic 17 inch 'Nardo' alloy wheels complete with 225/45 R17 tyres. Front fog lights, integrated within the front bumper, enhance both safety and aesthetic appeal, hinting at the attention to detail within.

Unique 'Mando' upholstery and 'Real alloy' decorative inserts set the scene inside, complemented by such finishing touches as chrome surrounds on the temperature and fuel gauges, and side windows that are 35% tinted from the B pillar back. Also included in the formidable package are front sport seats with height and lumbar adjustment, an 'RCD 500' radio with integral six CD autochanger mounted in the dash and 2Zone electronic climate control. A multifunction computer (Highline) provides essential information, while rear parking sensors and carpet mats front and rear complete the superior specification. If you're looking for a car that really goes the extra mile, the Touran Highline simply has to be your choice.

Please note that the speedometer dial should indicate km/h and not mph as shown.

02

- 01** The Touran Highline with 'Mando' interior upholstery, 'Real alloy' decorative inserts and high quality leather trimmed steering wheel, gear knob and handbrake grip.
- 02** The 2Zone electronic climate control enables driver and front passenger to select their own temperature to ensure maximum comfort. Heated seats are optional at extra cost.

Enjoy the freedom to choose.

01 The 2Zone electronic climate control air conditioning, which is standard on Highline, maintains a constant preset temperature and has two zones for the driver and front passenger. Optional on Conceptline and Trendline models. Heated front seats are optional at extra cost.

02 As well as aesthetic appeal, front fog lights provide added safety when driving in poor weather conditions. Optional on Conceptline and Trendline and standard on Highline models.

03 When transporting loose items, the optional luggage restraint/net partition helps protect passengers. Interior shown features optional leather upholstery. Optional on all models.

04 The optional 'Nappa' leather upholstery features heated leather trimmed sports seats for the driver and front seat passenger. Optional on Trendline and Highline models. Please note, some parts of leather interior will contain artificial leather.

05 The DVD satellite navigation system not only delivers perfect sound quality whether you're listening to a CD or the radio, but it can also guide you to your destination in any one of 24 European countries. A 6½" multifunction colour display shows a map of your route along with important information on time and distances. In addition, audible directions can also be broadcast allowing you to concentrate on the road ahead. Optional on Trendline and Highline models.

DVD satellite navigation systems may not be available in conjunction with certain options, please consult your Volkswagen dealer for full details.

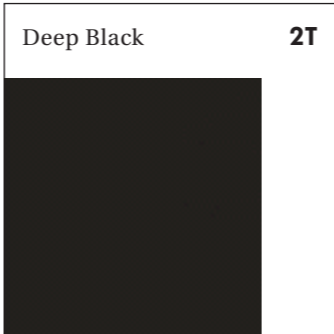

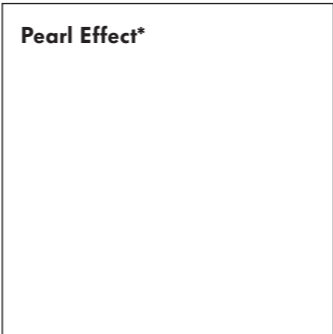

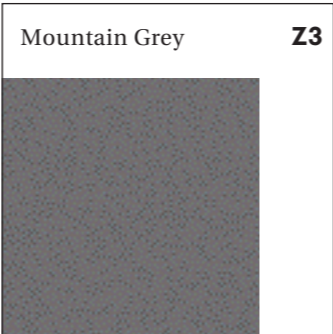

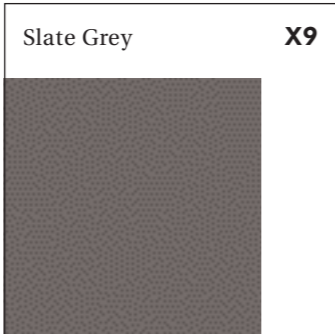

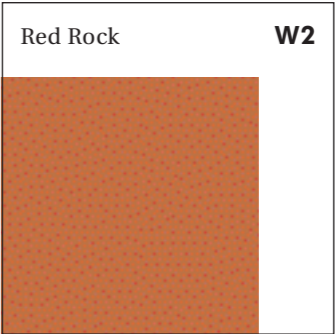

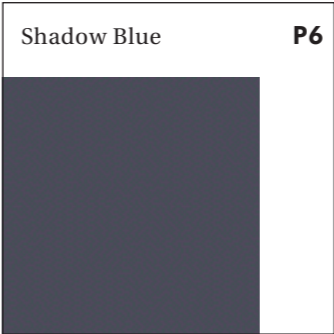

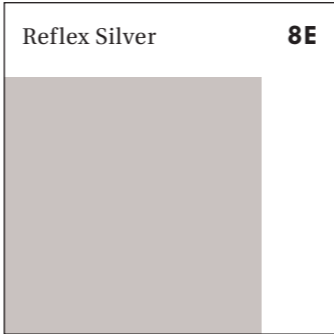

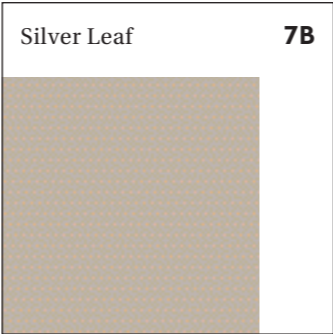

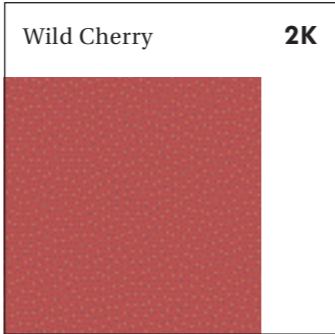

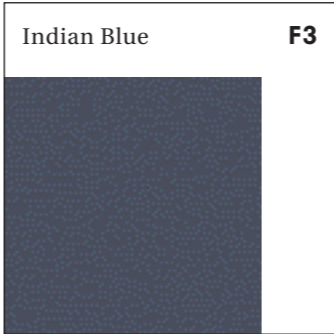

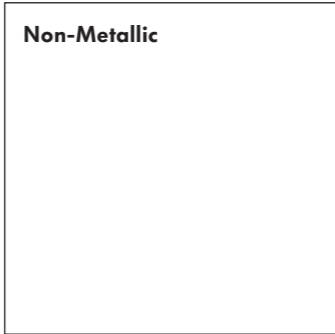

06 The radio system 'RCD 500' including dash-mounted six CD autochanger will provide hours of uninterrupted music. Optional on Conceptline and standard on Trendline and Highline models.

07 iPod preparation mounted in the front centre armrest allows you to link your iPod to the vehicle's audio system via iPod preparation. Controls are then provided through the vehicle's keypad or optional multifunction steering wheel. Optional on all models.

08 The Winter pack includes heated front seats, heated windscreen washer jets, a low screenwash level indicator and headlight washers. Optional on all models.

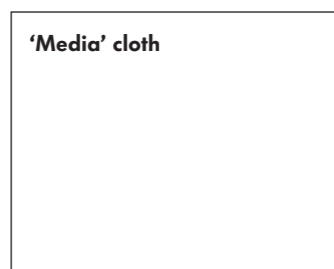

Paint.

* Metallic and Pearl Effect paints are optional at extra cost.

Standard equipment.

Standard items of equipment Conceptline

Volkswagen service

- 2-year/unlimited mileage warranty
- 3-year paintwork warranty
- 12-year body protection warranty
- Volkswagen Assistance

Exterior

- Aerial for radio integrated into side window
- Alloy wheels, four 6½J x 16 'Atlanta' with 205/55 R16 tyres and anti-theft wheel bolts
- Body-coloured door mirrors with integrated indicators
- Black side bump strips and door handles
- Body-coloured bumpers with black bump strip
- Chrome trimmed radiator grille surround
- Galvanised body
- Heat insulating tinted glass
- Roof rails, black

Interior

- 'Microtec' interior trim
- Upholstery 'Media' cloth

Function

- Air conditioning, semi-automatic
- Centre seat of 2nd row, foldable with table function
- Cruise control
- Cup holders, front x 2
- Driver's and front passenger's seat height adjustment
- Dust and pollen filter
- Electrically heated and adjustable door mirrors
- Electric windows, front
- Exterior temperature gauge
- Glovebox, illuminated and lockable
- Heating and ventilation system with 4 speed fan and air circulation switch
- Height and reach adjustable steering wheel
- Illuminated sun visor mirrors
- Instrument lighting, blue adjustable panel illumination
- Interior light delay
- Load lashing points x 4, in luggage compartment
- Luggage compartment cover, retractable
- Luggage compartment light
- Multifunction computer

Function (continued)

- Multiple storage compartments in passenger and luggage areas
- Power-assisted steering, speed-sensitive
- RCD 300 radio/MP3 compatible CD player with 8 speakers
- Reading lights, front and rear
- Rear screen wash/wipe with intermittent wipe
- Remote central locking with 2 remote folding keys
- Reverse gear selection activates rear screen wiper
- Speedo and rev counter, electronic odometer, trip and service interval display, fuel and temperature gauge
- Storage compartments in all doors (for 1.0 litre bottles)
- Storage compartments in roof console
- Three-spoke steering wheel
- Tyre repair kit
- Warning 'lights on' buzzer
- Windscreen wiper with intermittent wipe and 4 position delay
- 2 single seats in the 3rd row, can be folded flush into floor of luggage compartment
- 3 single seats in the 2nd row, with forward and backward adjustments, foldable and removable
- 12V socket in front with illuminated cigarette lighter
- 12V socket in luggage compartment

Safety

- ABS (Anti-lock Braking System) with HBA (Hydraulic Brake Assist)
- Automatic hazard lights activation under emergency braking
- Disc brakes, front and rear (front ventilated)
- Driver's and front passenger's whiplash-optimised head restraints
- Driver's and front passenger's airbags with passenger's airbag deactivation switch
- Electronic engine immobiliser
- ESP (Electronic Stabilisation Programme) including EDL (Electronic Differential Lock) and ASR (Traction Control)
- Front seat side impact airbags
- Front three-point seat belts with height adjustment
- Head airbag system, for front and 2nd row passengers

Safety (continued)

- Isofix child seat preparation, outer seats of 2nd row
- Reflectors in front and rear doors
- Warning buzzer and light for front seat belts if unfastened
- Warning triangle

Additional items of equipment Trendline

Exterior

- Body-coloured bumper strips
- Body-coloured side bump strips and door handles

Interior

- 'Steel finish' interior trim
- Upholstery 'Energy' cloth

Additional items of equipment Highline

Exterior

- Alloy wheels, four 7J x 17 'Nardo' with 225/45 R17 tyres and anti-theft wheel bolts
- Body-coloured bumper strips with chrome inserts
- Body-coloured side bump strips with chrome inserts
- Chrome-plated radiator grille louvres
- Roof rails, anodised chrome finish
- 35% tinted glass from B pillar back

Interior

- Chrome-plated instrument surrounds
- Leather trimmed steering wheel, gear knob and handbrake grip
- 'Real alloy' interior trim
- Upholstery 'Mando' cloth

- 2 head restraints in the 3rd row
- 2 three-point seat belts in the 3rd row
- 3 head restraints in the 2nd row
- 3 three-point seat belts in the 2nd row, with height adjustment on outer seats

Function

- Backrest release to fold front passenger seat flat
- Driver's and front passenger's under seat drawer
- Electric windows, front and rear
- Folding 'aircraft type' tables on front seat backrests
- Front centre armrest with storage compartment
- Front comfort seats with height and lumbar adjustment
- Front seat back storage pockets
- RCD 500 radio/dash-mounted 6 CD autochanger with 8 speakers
- 12V socket for 2nd row seats

Function

- Air conditioning, 2Zone electronic climate control
- Carpet mats, front and rear
- Front fog lights
- Front sport seats with height and lumbar adjustment
- Multifunction computer (Highline)
- Parking sensors, rear
- Two-tone horn
- Xenon headlights for dipped beam with automatic range adjustment

† Where the law permits.

Technical specification notes.

- 01 Figures shown are for the seven seater.
- 02 Figures are calculated in accordance with manufacturer's criteria. Vehicle unladen weight ranges with 90% tank capacity without driver. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly.
- 03 With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04 Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of Super plus unleaded. In order to achieve maximum fuel consumption benefits on the FSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.
- 05 The use of RME and FAME (bio diesel) is not possible.
- 06 Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 07 The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. The CO₂ figure quoted for each vehicle is the maximum possible. The unladen weight of the vehicle is calculated by range at the time of manufacture and the maximum possible CO₂ emission for that weight range is applied according to the Council Directive 80/1268EEC as amended by Commission Directive 1999/100/EC on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Dimensions.

Exterior dimensions		
	Length, mm	4407
	Width, mm	1794

	Height, mm	1635
	Height – opened bonnet/floor, mm	1871
	Height – opened tailgate/floor, mm	2043
	Wheelbase, mm	2675

The technology.

Engines

- Front transversely-mounted engine
- 1.6 litre/102 bhp (75 kW) petrol engine. Four cylinder in-line engine, aluminium cylinder head, two valves per cylinder with roller rocker valves, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, Longlife spark plugs, exhaust gas recirculation, three-way front catalyst, lambda control
- 1.4 litre/140 bhp (103 kW) petrol engine. TSI engine with dual-charging, double injection catalytic converter heating, turbocharger with waste gate, additional mechanical supercharger, intercooler, maintenance-free timing chain, continuous inlet camshaft timing adjustment, grey cast iron cylinder block, steel crankshaft, duo-centric oil pump, dual-circuit cooling system, fuel system regulated according to requirements, high-pressure fuel pump with a delivery pressure of up to 150 bar, four valves per cylinder
- 1.9 litre/105 bhp (77 kW) diesel engine. Four cylinder in-line engine, cast iron cylinder block, two valves per cylinder, electronically controlled direct injection with pump injector unit ('Pumpe Düse'), oil cooler, intercooler, exhaust gas recirculation, turbocharger with variable turbine geometry, catalytic converter
- 2.0 litre/140 bhp (103 kW) diesel engine. Four cylinder in-line engine, cast iron cylinder block, four valves per cylinder, electronically controlled direct injection with pump injector unit ('Pumpe Düse'), oil cooler, intercooler, exhaust gas recirculation, turbocharger with variable turbine geometry, catalytic converter
- 2.0 litre/170 bhp (125 kW) diesel engine. Four cylinder in-line engine, cast iron cylinder block, four valves per cylinder, electronically controlled direct injection with pump injector unit ('Pumpe Düse'), oil cooler, intercooler, exhaust gas recirculation, turbocharger with variable turbine geometry, catalytic coated diesel particulate filter (DPF)

Transmission

- Front-wheel drive
- Five speed manual gearbox: 1.6 litre 102 bhp
- Six speed manual gearbox: all models except 1.6 litre 102 bhp
- Six speed automatic DSG gearbox: 1.4 litre TSI 140 bhp, 1.9 litre TDI 105 bhp, 2.0 litre TDI 140 bhp, 2.0 litre TDI DPF 170 bhp

Steering

- Maintenance-free rack and pinion steering rack with speed related, electronically controlled servo assistance
- Height and reach adjustable and collapsible safety steering column

Running gear

- Front suspension uses coil springs with telescopic shock absorbers; all elements integrated in chassis legs
- Rear suspension with oil pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius), at rear through four link suspension with integrated anti-roll bar
- Front anti-roll bar
- Electronic Stabilisation Programme (ESP) including Hydraulic Brake Assist (HBA), Electronic Differential Lock (EDL) and Traction Control (ASR)

Volkswagen service for your peace of mind.

The Volkswagen Warranty.

Two-year Warranty.

All Volkswagen Tourans now come with a two-year unlimited mileage warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects.

This warranty cover is subject to the car being serviced and maintained at an authorised Volkswagen dealer according to the manufacturer's recommendations. Failure to do so will invalidate this warranty.

Three-year Paint Warranty.

The paintwork of the Touran is covered against manufacturing defects for a period of three years. Naturally, the Touran must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen dealer for full warranty details.

12-year Body Protection Warranty.

The internal body sections and panels of the Touran are covered against rusting through from the inside for a period of 12 years. Naturally, the Touran must be cared for in compliance with the operating instructions. Please consult your Volkswagen dealer for full warranty details.

Service Intervals for Petrol and Diesel Engines.

Full details of what checks and work are recommended at each service are contained in the Service Book and your dealer will be able to advise you of any particular requirements.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

Volkswagen Finance.

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen dealer for details.

Volkswagen Assistance.

Every new car is registered for Volkswagen Assistance for 2 years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

Volkswagen Rental.

For details, please contact your dealer.

CO₂ Emission.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Certain models and items of equipment shown in this publication are not available in Ireland.

Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland.

The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen dealer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen dealer prior to ordering.
